SUMMARY JOB DESCRIPTION

Apprenticing painter. Under the close supervision of a buddy, restores body parts and the bodywork of damaged vehicles, based on the manufacturer's and dealer's quality standards and standard times.

The **MAJOR TASKS** are listed below, but the incumbent may be assigned to other duties.

- Operates and uses all body shop equipment correctly and safely.
- Removes rust from metal and grease and filth from the work surface.
- Masks and protects parts which are not to be painted or primed.
- Mixes paint, according to its technical characteristics.
- Chooses and mixes the primer, to achieve the desired colour.
- Paints the surfaces, using a spray gun or brush, as required.
- Examines the painted surfaces to check the quality of the work and notes any runs, ripples or unpainted portions.
- Heats the wax and sprays it on the products, after they have been tested.
- Maintains tools and ensures that equipment is clean and in good functional condition.
- Sees to the cleanliness of the work space.
- Maintains all personal protective equipment required for health and safety reasons, and wears it, including a respirator, according to the manufacturer's recommendations.
- Complies with all laws, regulations and bylaws regarding paints, thinners and other hazardous materials. Notifies management of any departure from these rules.
- Works with the other employees to repair and prepare vehicles.

- Understands, keeps abreast of and observes federal and provincial regulations and municipal bylaws governing body shop operations and occupational health and safety.
- Maintains a professional appearance.
- Performs other tasks, based on management requirements and instructions.
