

**We sell seedlings every spring.**  
**Be sure to place your order early.**

Species that we typically have available include:

Black Spruce,            White Pine,  
White Spruce,         Red Pine,  
Red Spruce,

The above native softwoods come in tray sizes of 67 (multi pot) and/or 275 (jiffy tray). Seedling orders can be placed by the tray or by the thousand. Generally softwood seedlings will retail for \$165/1000. During the past few years however, SNB has reduced the cost for land owners within our Board area to a cost of \$60/1000 up to a maximum of 2000 seedlings. Contact the office to determine if seedling incentives are still in place.

We also occasionally have limited quantities of ornamentals, hardwood and fruit bearing varieties. Seedlings generally begin arriving around the first of May. Contact the office for availability and pricing @ 433-9860 or contact Chris Spencer, cell 432-1493 or [spencerc@snbwc.ca](mailto:spencerc@snbwc.ca).
